
LIFE - DEATH CASE (indirect performance)

(It is emphasized that life coverage must be mandatory underwritten with F.A.N.I.M.A.R. for both the Crew and the Captains and Chief Engineers)

Covers:

- Death on board - within the deductible - in transit or within the 28th day after disembarkation.
Expected compensation: €12,500.00.
- Death on board - within the deductible - in transit - within the 60th day following disembarkation, provided that the causes of death are attributable to illness or injury occurring during the embarkation. The illness or injury must have been the reason for disembarkation.
Expected compensation: €12,500.00.

Required documents in case of the seafarer's death:

- Copy of the extract from the Ship's Logbook 2nd Book of the ship on which the seafarer was embarked, attesting to the circumstances of the incident that involved him or her, or in any case the reason for disembarkation.
- Authenticated copy of the Report of Determination of the circumstances of the incident drawn up by the competent authority that intervened on the spot.
- Authenticated copy of the autopsy result drawn up by the competent authority or medical certificate attesting to the causes of death.

Once the indemnifiability of the event has been established, the following documents will be requested:

- Affidavit (in original) attesting to the identity of the heirs; if there are minors, accompanied by the authorization of the Guardian Judge, which specifically indicates the Insurance Companies involved and the capital to be indemnified.
- Authenticated payment authorizations specifically indicating the Insurance Companies involved and the capital to be indemnified, and copies of documents of the beneficiaries.
- Bank details for wire transfer.

N.B: For all matters not covered above, the General and Particular Conditions of the policy will apply as usual.
